

DOLOMITE 2.0 TACTICAL

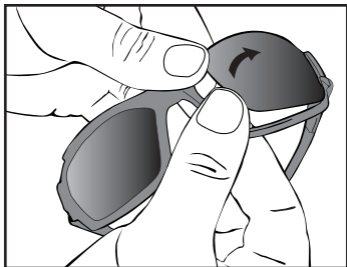

Note: Lenses must be removed one at a time.

To Remove a Lens:

1. With the sunglasses facing down and the arms fully extended, hold the top and bottom of the frame with both hands.
2. Place your fingers on the front side of the frame and your thumbs on the back side of the frame while letting your thumbs rest on the lens.
3. Gently flex/spread the frame apart with your fingers as you press down on the lens with your thumbs releasing the lens to the front of the sunglass.
4. Repeat steps 1 - 3 with the opposite lens. Lens will be more difficult to remove due to Z87.1 rating.

☹ Cleaning and Maintenance: Use the microfiber cleaning bag for storage. If glasses are dirty, use the cleaning bag to wipe them. If needed, rinse with mild soap and warm water. **Disclaimer: Not suitable for direct observation of the sun. Meets ANSI Z87.1 standards. Z87.1 standard does not apply if Tifosi non-Z87.1 lenses are installed in this frame.**

DOLOMITE 2.0 TACTICAL

Note: The wider edge of the lens should be closest to the nose bridge when installing.

To Install a Lens:

1. With the sunglasses facing up and the arms fully extended place the lens over the frame and line it up with the groove on the outside corner.
2. Place your finger on the back side of the frame and your thumbs on the front side bracing the lens over the frame.
3. Gently flex/spread the frame with your fingers as you guide the lens down into the outer corner of the frame with your thumbs.
4. Repeat steps 1 - 3 with the opposite lens. Lens will be more difficult to install due to Z87.1 rating.
5. Make sure that the lens is seated in the frame by squeezing the outside perimeter of the frame.
6. Repeat install steps 1-5 with the opposite lens.
7. Using your Tifosi® Microfiber cleaning bag, wipe any fingerprints off the lenses.
